

ALARMS • CCTV • ACCESS CONTROL

Are you not setting your alarm, or parts of your alarm due to family pets?

Bee Tee alarms can now provide a solution!

By replacing your existing infra red detection for our Discovery pet immune unit you can now ensure your premises are fully protected.

Discovery Features:

- Pet-Tolerant for animals up to 36 kg (80 lb).
- Accurate volume-based pet detection based on unique 3D patented optic technology
- High-sensitivity coverage up to 12m x 12m / 40ft x 40ft.
- Sealed optics protects from insects and air currents.
- Programmable 1,2,3 pulse counter for false alarm protection.
- Temperature compensation.
- Durable and elegant design.
- Suitable for home, warehouse, commercial and industrial applications.

Only £40+vat each (includes parts and labour)

***when fitted with your annual inspection visit**

(Discounts apply for multiple replacements)
